

Automatic Grease Removal Device

Contact Information

Disclaimer: The following list of businesses have been known to sell and/or service automatic grease removal devices (AGRD). The City of Wichita has compiled this contact information to assist waste water permit holders in maintaining their AGRDs to ensure the permitted establishment remains in or returns to compliance with the Municipal Code of the City of Wichita, Chapter 16.24 – Grease Interceptor Requirements for the Sanitary Sewer System. **This list is not all inclusive; there may be other businesses and individuals that may be contacted.** The City of Wichita does not endorse or recommend one business or individual over another.

Notice: Any work on the plumbing system may require the use of a certified / licensed individual as set-forth in the Wichita/Sedgwick County Unified Building & Trade Code, along with a permit issued through the Metropolitan Area Building and Construction Department. Contact the Permit Desk at (316) 268-4461 or visit <http://www.sedgwickcounty.org/MABCD/> for further information and requirements.
